The screenshot displays the AnyLibro Converter web application. At the top, the browser window title is 'Libro Converter'. The page header shows the book title 'I, ELIZA HAMILTON' in a gold banner. Below the banner, the book title 'I, Eliza Hamilton' is prominently displayed. To the right of the title is a book cover featuring a woman in a blue dress. The synopsis text reads: 'The strong-willed, heroic wife of Alexander Hamilton tells her story in this historical novel by the bestselling author of The Secret Wife of Aaron Burr. As the daughter of a respected general, Elizabeth Schuyler is accustomed to socializing with dignitaries and soldiers. But no visitor to her parents' home has affected her so strongly as Alexander Hamilton, a charismatic, ambitious aide to George Washington. They marry quickly, and despite the tumult of the American Revolution, Eliza is confident in her husband and in her role as his helpmate. But it is in the aftermath of war, as Hamilton becomes one of the country's most important figures, that she truly comes into her own. In the new capital, Eliza becomes an adored member of society, respected for her fierce devotion to Hamilton as well as her grace.'

 On the right side of the page, there are three buttons: 'Borrow' (highlighted with a red box), 'Read Sample', and 'Save'. A blue circular button with a plus sign is also visible. At the bottom of the page, there is a navigation bar with icons for search, home, menu, books, and a tag.
